

## Directions

The Yume-kaze plaza, where we now hold chapter events, is pretty much opposite the Nara National Museum.

If you are coming from Kintetsu Nara Station, exit from the East Exit and keep going east up into the park.

Continue to walk east through the park for about 10 min— you can feed the deer on the way.

Go down through the large pedestrian tunnel and just keep going straight until you see the Nara National Museum (on your right). Then you'll see the Yume-kaze plaza (on your left) on the opposite side of the street.

Enter into the plaza (it's a collection of restaurants and shops) and head down towards the carpark. You'll see the JALT banner and probably one of us looking cool out front of the Yume-kaze Hall.
